

Introducing the Preferred Builder Financing Referral Program

As a valuable “thank you” for your business, Noble Village Classic Homes has arranged for you to receive preferred financing for your new home. Construction to permanent financing* combines your new construction and mortgage financing so you’ll only have to apply once. Here’s how it works:

- > **Savings:** You can finance up to 95% of your new home*, without paying closing costs.
- > **Security:** Interest rate locks for up to 360 days are available.
- > **Flexibility:** Even after construction starts, you can change your loan program. Within 30 days of completion, if rates have dropped from your original lock-in date, you can “float down” to the current market rate at no extra charge.
- > **Service:** Fast-track loan processing means that you can have your loan approval in hand in one hour ... or less!
